

Hoang Cao Thiem

Frontend Developer

Da Nang, Vietnam • 0973711827 • hcaothiem@gmail.com

Summary

A frontend Developer with 5+ years of experience building websites and web applications. I'm passionate about creating exceptional user experiences and bringing ideas to life through code.

Experience

Frontend Developer, 07/2022 - Current

mgm technology partners

- Experienced in building web applications using modern front-end frameworks, and well-versed in collaborating with back-end teams.
- Worked directly with international teams, communicating effectively and consistently delivering high-quality results.
- Leveraged internal low-code platforms to speed up development cycles and enhance digital workflow processes for public-sector clients.
 - Contributed to the development of A12, an internal low-code library that enables business experts to efficiently create application components.
 - Supported public-sector initiatives by helping digitalize administrative services for the tax consultants chambers.

Frontend Developer, 10/2020 - 09/2022

Mynavi TechTus Vietnam

- Experienced with a variety of frameworks, and also worked extensively with Vanilla JavaScript and jQuery to speed up project phases.
- Became familiar with multiple programming languages while working in offshore teams.
- Developed a B2C food-ordering website leveraging a CMS for rapid content and feature management.
- Created an IoT solution for driving activity reporting, featuring visualizations using videos, maps, charts, and canvas graphics.

Intern Frontend Developer, 01/2020 - 05/2020

Code Engine Studio

- Use MERN stacks - MongoDB, Express, React, NodeJs
- Participated in English training and learnt principles in work
